Art for Beds is an annual event that brings together artists from our community and businesses working together to raise funds in support of the health care services provided by Gennesaret Free Clinics. Gennesaret Free Clinics provides free health care services to homeless and working poor persons in our community.

Gennesaret (pronounced jen-NES-sah-ret) Free Clinics came into being in February 1988, when Dr. James A. Trippi realized that homeless people lacked access to medical care.

Today, Gennesaret Free Clinics have medical clinics in four emergency shelters, at two food pantries and three medical van sites, as well as a dental clinic...all staffed by volunteers.

Thank you for being a part of our caring community.
